

BOOT CAMPS

BUILDING LEADERSHIP AND RESILIENCE FOR YOUTH

EMPOWERING YOUTH THROUGH OUR BOOT CAMP

In response to the growing need for structured development programs for young people, we launched our Boot Camp initiative in 2022. These camps aim to address challenges faced by many youth, such as low self-esteem, lack of discipline, and limited access to personal growth opportunities. By fostering resilience, teamwork, and leadership, our Boot Camps provide a comprehensive environment for both physical and mental development.

PROGRAM OVERVIEW:

The Boot Camp is designed to be an empowering experience, where participants develop essential life skills while engaging in a variety of challenging activities.

They will learn to overcome obstacles, build mental toughness, and enhance their leadership abilities, all while promoting personal responsibility and teamwork.

KEY ELEMENTS OF THE BOOT CAMP:

- **Teamwork and Collaboration:** Learners will participate in group activities that require cooperation and problem-solving, teaching them the value of working together toward common goals.
- **Camping Experience:** Participants will sleep in tents, gaining experience in outdoor living and developing a sense of independence.
- **Self-Sufficiency:** Each group will receive a box of food for the weekend, and they will need to manage their supplies, cook their own meals, and ensure that they do not run out of food. This encourages responsibility, planning, and resource management.
- **Leadership Development:** Through structured exercises and real-world scenarios, learners will practice leadership roles, learning how to guide and motivate their peers while making strategic decisions.

COSTING AND PACKAGES

These Boot Camps offer a unique opportunity for learners to step outside their comfort zones, develop critical life skills, and grow into confident, resilient leaders. We encourage schools and organizations to partner with us to provide this transformative experience for the youth in our communities.

Basic Package – R500 pp
